FOREWORD

This edition of the Alumni Catalogue represents the twenty-first publication of its kind in our collegiate history. For the first edition four pages sufficed. Called the "Triennial Catalogue of Collegiate Alumni" it was included as a part of the annual catalogue of 1876–77. Members of the classes of 1871 to 1876 inclusive were listed. Thereafter every three years until 1900 the "Triennial" was a part of the annual catalogue.

From 1900 to 1907, alumni lists were incorporated in the annual catalogues in class and alphabetical rolls. The following year the first number of the Alumni Catalogue as a separate publication appeared. In 1910 a geographical index was a new feature. The 1916 edition listed non-graduates for the first time.

This edition is the first to be compiled and published by the college under the direction of the alumni office staff. In reality it has been in preparation since the office was opened in 1920. It is published this year in line with a quinquennial policy now in vogue in many colleges.

Materials were assembled first from official records in the Registrar's office, from annual catalogues, and from Synod reports. Since February verifications have been sought directly from alumni. Information which could not be verified either directly or indirectly has not been used.

As far as is known, the names of all collegiate, departmental, and honorary graduates, and all non-graduates whose entering class has been graduated, are listed. Former students who spent less than a year in residence or who earned less than the equivalent of a year's work, are not included.

Of the 7,164 names in the alumni lists, less duplicates, 2,506 are published for the first time. This includes 606 graduates since 1920, 636 graduates of the department of medicine, and 1,264 non-graduates. In the officers and faculties section members of the Women's Advisory Board and of the faculty of the department of medicine are newly included. New to the catalogue also are the alumni organizations, the two-column style of the class rolls, and many typographical innovations.

To conserve space, certain practices have been followed: abbreviations have been used freely; punctuation has been omitted generally; in the collegiate class lists only baccalaureate degrees of graduates are indicated; information is given only under one, the primary, classification, included in the alphabetical index are all alumni names with various classifications appended; this index is placed last in the book for ready reference.

Literally thousands of Woosterians have helped to make this book. To all who have furnished us with information about themselves and others, and particularly to the officers of alumni organizations, our thanks are due. We are indebted to Dr. J. O. Notestein, '73, Prof. Emeline S. McSweeney, '96, and to Mr. Jesse McClellan for kind coöperation in the compilation of the lists of officers and members of faculties. The Rumford Press, and especially Mr. F. R. Strong, sales manager, have rendered unusual printing service.

On September 1 the copy closed on this edition and simultaneously we began anew the task on the next volume. Now and always one of the most effectual alumni services you can render is to report errors and omissions in these official records. Coöperate *now* so that we shall not make the same mistakes again. Report all corrections to The Alumni Association, 214 Kauke Hall, Wooster, Ohio, U. S. A.

ABBREVIATIONS

The order of items in the various departmental rolls is: Name, Degree; Occupation; Business Connection; Business Address (omitted if obvious or same as residence), Residence Address (name of city not repeated if same as business).

Information regarding departmental graduates who are members of collegiate classes is published under that primary classification. Class numerals are appended to these names for cross-reference. Similar designations prevail in the geographical and alphabetical indexes, as 81-Class of 1881 Graduate; x17-Class of 1917 Non-Graduate.

Names of Ohio cities and towns appear without state designation, as do the following principal cities of the United States: Boston, Chicago, Detroit, Los Angeles, New York City, Philadelphia, Pittsburgh, San Francisco, Seattle, St. Louis, Washington.

OFFICERS OF THE COLLEGE

I TRUSTEES

By the Act of December 18, 1866 The University of Wooster, called The College of Wooster since 1914, was incorporated by the Synods of Ohio, Sandusky, and Cincinnati of the Presbyterian Church, U. S. A. Each synod was authorized to elect one trustee from each of its presbyteries. By the reconstruction in 1870 the Synod of Ohio became the Synod of Columbus. The Synod of Sandusky was renamed the Synod of Toledo. The Synod of Cincinnati remained intact. The Synod of Cleveland was created. In 1882 by the consolidation of these four synods the college passed into the ownership and control of the Synod of Ohio, its present governing body.

The Board of Trustees is a self-perpetuating body, its nominations being formally ratified by elections of the Synod. The term of office is three years. There are thirty members. In 1893 the Synod authorized the trustees to apply to the Ohio legislature for an enabling act whereby the alumni of the college might nominate six of their own number as trustees. This franchise has been exercised since 1894. These alumni trustees are indicated by (†) before their names or years of service. The president of the college is a trustee *ex officio*.

II WOMEN'S ADVISORY BOARD

In 1892 the Synod of Ohio authorized the formation of a Women's Advisory Board and confirmed the first appointments. The Board is composed of one representative from each presbytery of the Synod and a local executive committee of eight. It functions in conjunction with and under the direction of the Board of Trustees. Until 1901 the membership record is incomplete. Members are indicated by presbyterial representation.

ALUMNI AND NON-GRADUATES

I ORGANIZATIONS

THE ALUMNI ASSOCIATION

The organization meeting of Wooster alumni was held at the college on June 17, 1884. On April 22, 1885, articles of incorporation were granted to "The Central Alumni Association of The University of Wooster." The constitution was adopted on June 23, 1885. A new constitution was adopted on June 13, 1922. The amended name of the corporation, as certified April 12, 1922, is "The Alumni Association of The College of Wooster."

The Alumni Association is the only all-inclusive alumni organization. It is composed of alumni, alumnae, and non-graduates of the college, including medical, graduate, music, art, Bible school, and honorary alumni. Its annual business meeting is held on the day preceding Commencement Day. Since Sept. 7, 1920, the Association has maintained permanent executive offices at 214 Kauke Hall. *The Wooster Alumni Bulletin* is the official alumni publication. It is a monthly magazine, established in 1921, operated on a subscription and advertising basis.

DEPARTMENT OF MEDICINE

This department was merged with the School of Medicine of Western Reserve University, Cleveland, in 1896. It had been operated in that city. These records have been compiled with the coöperation of the alumni office of Western Reserve. Unusual difficulties of verification have been encountered so that these rolls are both inaccurate and incomplete.

M.D., degrees, as conferred by the department, and occupations are omitted for obvious reasons.

Numerals are cross-references to collegiate listings.

CONSERVATORY OF MUSIC

Until 1899 the degree of Mus.B., was conferred upon all graduates of the Conservatory of Music. Since that time this degree has not been granted with these exceptions: Mary Nice of the Class of 1910; the five members of the Class of 1913. Degrees are omitted in this roll.

Repetition of names of graduates in more than one class indicates graduation in various Conservatory subjects. Numerals are cross-references to collegiate or preceding music listings.
